

Citrus Floor Cleaner

Neutral pH Surfactant System - Everyday Floor Cleaning

KEY BENEFITS

- **Neutral pH** safe on tiles, marble, granite, mosaic, vinyl — every hard floor in your home without any risk of surface damage.
- **Effective surfactant system** removes daily dust, foot traffic dirt, and surface soil in a single mop pass without leaving residue.
- **Fresh lime fragrance** the bright, citrus-clean scent that makes a freshly mopped floor actually feel fresh — not just look it.
- **250 ml per litre** simple dilution, no guesswork, consistent results every time.
- **5-litre value pack** 3+ weeks of daily floor cleaning from a single purchase — lower cost, less restocking.

AT A GLANCE

pH	Neutral
Dilution	250 ml per litre of water
Fragrance	Fresh lime
Pack size	5 Litres
Shelf life	24 months from manufacture date, unopened
Safe on	Tiles, marble, granite, mosaic, vinyl, all hard floors
Rinse after use	Not required

HOW TO USE

- 1 Dilute**
add 250 ml to 1 litre of water in a mop bucket.
- 2 Mop**
mop all hard floor surfaces in overlapping strokes.
- 3 Dry**
allow to air-dry. No rinsing required.
- 4 Daily routine**
use once daily for general home and office floor maintenance.

WHY IT WORKS

Surface cleaning works through surfactant chemistry: surfactant molecules have one end that attaches to oil and soil particles and another end that is water-soluble. When the mop applies the working solution to the floor, the surfactant molecules surround dirt particles, detach them from the floor surface, and hold them suspended in the water to be carried away with the mop. The neutral pH means this happens safely on every floor type without any chemical reaction with the surface material.

WHAT YOU GET FROM ONE PACK

One 5-litre pack.

Twenty mopping sessions. Fresh lime floors every day. At 250 ml per litre, one 5L pack makes 20 litres of working solution — 20 complete mopping sessions. For a standard home mopped daily, one pack lasts 3 weeks. For a small office or shop, it stretches further.
