

Daily Disinfectant Surface Spray Refill (Elite Lime) 5L

Alle's ClinX Mini Daily Disinfectant Surface Spray Refill (Elite Lime) is a quaternary ammonium surface disinfectant in a 5-litre refill format that makes daily high-touch surface disinfection economically sustainable. Neutral pH. Ready to use. Elite Lime fragrance. Fill any spray bottle.

■ 585 / 5 L

OVERVIEW

The surfaces that matter most for daily disinfection in a home or small office are not the floors or the walls. They are the 8–10 surfaces that hands touch repeatedly throughout the day: door handles, light switches, desk surfaces, kitchen counters, phone exteriors, remote controls, tap handles, and stair rails.

KEY FEATURES

Quaternary ammonium active

effective surface disinfection against common household contact pathogens — the active class used across professional disinfection applications.

Refill format

fill any standard trigger spray bottle directly from the 5-litre pack — no dedicated equipment, no special dispenser, no complication.

Elite Lime fragrance

clean, citrus-fresh signal post-disinfection — the sensory confirmation that the surface has been treated.

Neutral pH

safe on all standard hard surfaces including phone screens, keyboard exteriors, and kitchen counter surfaces.

2,500 spray applications per pack

the volume that makes daily disinfection sustainable — not something you ration, but something you do every day.

CAUTION & STORAGE

Keep out of reach of children. Avoid contact with eyes — rinse with water if contact occurs. Do not ingest. Not for skin disinfection. Do not spray onto food or directly onto food-preparation surfaces without subsequent rinsing. Store in original sealed container below 30°C, away from direct sunlight. Keep tightly closed when not in use. Shelf life 24 months from manufacture date, unopened.
