Glass & Mirror Cleaner (Ready-to-Use) 5L

Alle's ClinX Mini Glass & Mirror Cleaner (Ready-to-Use) is a fast-evaporating glass cleaning solution that delivers a streak-free finish on mirrors, windows, and glass surfaces in a single wipe — no buffing, no second pass, no frustration. 5-litre refill pack.

■ 459 / 5 L

OVERVIEW

The streak on glass is not caused by the dirt you are cleaning. It is caused by the surfactant film left behind when the cleaner does not evaporate fast enough before wiping.

KEY FEATURES

Fast-evaporating formulation

leaves no surfactant film on the glass surface — the chemistry evaporates completely, taking the residue with it, so the streak cannot form.

Ready to use

spray and wipe immediately — no dilution, no preparation, no extra step.

Neutral pH

safe on all glass, mirrors, chrome, and glazed surfaces without surface chemistry risk.

Single-pass clean

works correctly the first time regardless of technique — the right formulation means the right result without skill dependence.

5-litre refill

fill any standard trigger spray bottle from the pack — dramatically lower cost than buying individual glass cleaner spray bottles.

CAUTION & STORAGE

Contains solvents. Keep away from open flames during use. Ensure ventilation in enclosed spaces. Keep out of reach of children. Avoid contact with eyes — rinse with water if contact occurs. Do not ingest. Store in original sealed container below 30°C, away from direct sunlight and heat sources. Keep tightly closed when not in use. Shelf life 24 months from manufacture date, unopened.
