Juliet Rose Air Freshener 5L

Alle's ClinX Mini Juliet Rose Air Freshener is a soft floral ambient freshener that neutralises household odours and replaces them with the warm, powdery rose fragrance of the Juliet variety. Ready to use. Neutral pH. Compatible with all dispensers. 5-litre refill pack.

■ 856 / 5 L

OVERVIEW

A room fragrance is not a cleaning product. It is an atmosphere product.

KEY FEATURES

Juliet Rose fragrance profile

the soft, powdery, warm floral character of the David Austin Juliet rose — not the sharp, synthetic note of standard rose air fresheners.

Active odour neutralisation

reacts with household malodour compounds rather than just overlaying them — the freshness lasts because the source has been addressed.

Ready to use

fill any trigger spray bottle or wall-mounted dispenser directly from the 5-litre pack.

Neutral pH

compatible with all manual and automated dispenser systems without equipment corrosion risk.

5-litre refill

80–90% lower cost per application than aerosol alternatives — premium ambient fragrance at everyday pricing.

CAUTION & STORAGE

Ambient use only — not a surface cleaner or disinfectant. Do not spray onto food, food surfaces, or into ventilation intakes. Keep out of reach of children. Avoid contact with eyes. Do not ingest. Store in original sealed container below 30°C, away from direct sunlight. Keep tightly closed when not in use. Shelf life 18 months from manufacture date, unopened.
