

KITCHEN & LAUNDRY CARE · TECHNICAL & SAFETY DATA SHEET

Laundry Liquid (Fresh) 5L

Alle's ClinX Mini Laundry Liquid (Fresh) is an everyday laundry detergent with a slow-release encapsulated fragrance system that delivers clean clothes and a fresh scent that persists through drying and wearing. Neutral pH. 50 ml per load. Compatible with front-load and top-load machines. 5-litre value pack.

■ 758 / 5 L

OVERVIEW

The test of a laundry detergent is not how clothes smell out of the drum. It is how they smell at the end of the day.

KEY FEATURES

Slow-release encapsulated fragrance

fragrance molecules bond to fabric fibres during washing and release gradually through movement — clothes smell fresh when you wear them, not just when you take them out of the machine.

Neutral pH

gentle on everyday fabrics across repeated wash cycles — cotton, synthetics, poly-cotton blends.

Effective surfactant system

handles everyday household soiling — food, dust, sweat, and general wear — without pre-treatment for standard loads.

50 ml per load

precise dose — enough for effective cleaning, not so much that you are over-spending on detergent.

5-litre value pack

100 complete wash loads per pack — approximately 4 weeks for a family doing laundry 5 times weekly.

CAUTION & STORAGE

Keep out of reach of children. Avoid contact with eyes — rinse with water if contact occurs. Do not ingest. Contains enzymes — individuals with known enzyme sensitivity should wear gloves when handling. Store in original sealed container below 30°C, away from direct sunlight. Keep tightly closed when not in use. Shelf life 24 months from manufacture date, unopened.
