

Regular Toilet Cleaner (Everyday Use) 5L

Alle's ClinX Mini Regular Toilet Cleaner is a mild acid everyday bowl cleaner that prevents limescale, waterline staining, and odour from accumulating in home and office toilets. pH 2.5–3.0. 45 ml per bowl. 5-litre value pack.

■ 549 / 5 L

OVERVIEW

The most effective toilet cleaning strategy is also the simplest: 45 ml per day prevents the build-up that makes weekly cleaning feel like hard work. Limescale, waterline staining, and the odour associated with uric deposits all develop gradually — and they all respond to consistent mild acid application before they entrench.

KEY FEATURES

Mild acid pH 2.5–3.0

strong enough to prevent everyday bowl staining and surface scale, gentle enough for daily use without aggressive chemical handling requirements.

45 ml per bowl

precise, low-waste dose — apply, brush, flush. No over-application, no wasted product.

Prevents build-up

daily application stops scale and staining from becoming the chronic problem that requires heavy-duty intervention to correct.

Suitable for daily use

homes, small offices, and any washroom that needs consistent everyday toilet hygiene maintenance.

5-litre value pack

approximately 110 bowl applications per pack — nearly 2 months of daily cleaning for a single toilet.

CAUTION & STORAGE

Acid product. Keep out of reach of children. Avoid contact with eyes and skin — wear gloves during application. In case of eye contact, rinse immediately with water for 15 minutes. Do not mix with bleach — produces toxic gas. Do not ingest. Store in original sealed container below 30°C, away from metals and alkaline products. Keep tightly closed when not in use. Shelf life 24 months from manufacture date, unopened.
